

Soluhi® NOVA INTENSE HYDRATION ESSENCE

A Finnish, science-based three-step skincare routine that works beneath the surface.

Developed together with Finnish university researchers. **NOVA** harnesses a patented BT, B13 and GPE complex that brings vitality deep into the skin's renewing layers and visibly improves skin condition.

NOVA 1 prepares, **NOVA 2** acts, **NOVA 3** protects. Together they treat, repair, and renew.
Natural **NOVA** is more than beauty – it's skin health.

ESSENCE

YOUR FIRST STEP TOWARDS DEEPLY HYDRATED SKIN

Awaken your skin to a fresh start! **NOVA 1** is an intensive, deeply hydrating, and luxurious treatment essence that delivers the first wave of bioactive compounds to your skin.

These penetrate deep into the skin, preparing it to receive the powerful ingredients of the next steps—while at the same time treating and refreshing every layer of the skin.
