

IMMUNITY EVERY DAY OF THE YEAR

Efficient protection against germs.

ARCTIC VITAL

Colostrum and bilberry

This super product is a combination of colostrum rich in antibodies, and the super-berry blueberry. This product also improves the recovery process of people with a very active lifestyle.

ARCTIC VITAL: INGREDIENTS

COLOSTRUM

Colostrum contains all of the essential nutrients. It contains 20-200 times the growth factors and 100 times more antibodies than regular milk, and up to 300 different strains of antibodies.

Colostrum contains Vitamin B12, which helps to reduce fatigue and exhaustion.

BILBERRY

The bilberry was chosen as the berry of the year in 2013 in Finland. It is our best-known super-berry. Wild bilberries are more nutrient-rich than cultivated blueberries. The anthocyanin concentration in wild blueberries is considerably higher compared to pineapples and oranges, for example.

The anthocyanins in bilberries help to maintain the normal collagen level of the eyes and the normal functionality of the retina.

Bilberries also promote normal sugar, lipid and protein metabolism.

Product information / EN / 2021

ARCTIC VITAL

Colostrum and bilberry

Nutritional supplement / **100 pcs** / 90,5 g

Ingredients:

Sweeteners (isomaltitol, xylitol), **colostrum powder**, blueberry powder, filler (microcrystalline cellulose), vanilla flavour, anti-caking agents (magnesium stearates, silica).
